Sustainability

At Pakasai Resort, we proudly lead as Krabi's greenest resort, offering low-carbon accommodations and green services. Awarded the ASEAN Green Hotel Award 2014 and certified by the Green Leaf Standard, our eco-friendly chalets maximize natural light and ventilation while preserving the surrounding ecosystem.

We embrace energy-efficient practices, recycle grey water, and minimize waste to reduce carbon emissions. By using refillable containers, we save 70 kg of plastic annually and use only eco-friendly cleaning products. As part of the Zero Carbon Resorts project, we are dedicated to pioneering sustainable tourism for a greener future.
